• I still refer to the Piazza post Albert gave on reference frames, it was super useful :)

• Clarification of concepts/homeworks via Piazza

• I learned a lot about dynamics (especially related to the homework) from Albert. He was patient and friendly especially when I went to office hours, and I thought he did a great job of explaining dynamics topics I was having difficulty with.

• Albert explain things very well and he also has a really great ability for coding. He helps students to debug as well.
